

Blast Off!

ACME ANNOUNCES OFFICIAL LAUNCH INTO ATMOSPHERE
AND INTRODUCES NEW YOUTH PROPULSION PROGRAM

ACME is going mobile!
We will soon be exploring our outer spaces,
orbiting the community with our
Mobile Museum Program
We continue our dedication to the chemical & nuclear
clean-up of Santa Susana Field Laboratory.
Join us for lift-off as we announce the launch of
ACME's Rocketship Scholarship Essay Program
designed to propel our youth into the future with
a sense of civic & environmental responsibility within a
constructive essay and letter-writing campaign that
provides students with scholarship opportunities.
Please join us as we say goodbye to our current space,
and blast off into the atmosphere.
