RE: 2010 EARTH DAY CELEBRATION

Dear Mr. Bowling

The City of Calabasas is hosting its annual Earth Day Celebration on Saturday, April 3, 2010, from 1:00 pm to 5:00 pm. The event will be held at the Las Virgenes Creek Restoration Site, off Agoura Road and Las Virgenes Road. We would like to provide educational booths, informational speakers, activities, and live music and entertainment. A large turnout of Calabasas residents is expected for the celebration; more than 800 people attended the 2009 Earth Day Celebration. This is a great opportunity to educate the public on the history of their surroundings and ways they can help!

We would like to invite the Aerospace Cancer Museum of Education to participate in this event. You will be provided with a 10' x 10' booth and canopy to set up related materials. We may add logos of participating agencies to the attached Earth Day flyer. Please contact my assistant, Adam Shamon, at 818-224-1677, for more information and to confirm your attendance. We look forward to working with you on this and other environmental programs.

Sincerely,

Alex Farassati, Ph.D.
Environmental Services Manager
