Stephie,  
DTSC concurs with and approves the procedures described in the attached "SRE TARP Split Sampling: Sample Collection for Lancaster and EMAX" dated November 30, 2011. This document was verbally approved by DTSC on November 30, 2011. This work is being conducted as part of the chemical co-located soil sampling efforts in Area IV of SSFL.

EPA and DTSC staff are cc'd on this email approval with a request for posting of this approval email and the attached DTSC-approved document to their respective web sites.

If you have any questions, please feel free to contact me.

Thanks  
Laura Rainey

Laura:

Attached you will find the SRE Tarp Split Sampling Procedures. This document incorporates all DTSC comments and reflects various discussions and meetings with DTSC and stakeholders. Please send to EPA for placement on their website and approve for placement on the DTSC website and we will place it on ours as well.

Thanks,

Stephie Jennings, PMP
