

Boeing, NASA and DOE invite you  
to attend a tour of the  
Santa Susana Field Laboratory  
(formerly known as Rocketdyne)

**Saturday, June 26**

9 a.m. – 12:30 p.m. or 1:00 p.m. – 4:30 p.m.

The bus tour will feature a brief site history, an in-depth discussion of the on-going site characterization and cleanup and an up-close look at specific areas of the former field laboratory. We will get out and walk the area of the former Sodium Reactor Experiment (SRE), the newly constructed ground water extraction treatment system and one of the storm water drainage locations. There will also be plenty of time for questions and answers.

If you would like to join us, please call 818-466-8163 or e-mail, [santasusanacommunitytours@boeing.com](mailto:santasusanacommunitytours@boeing.com) and indicate your preferred tour time. Space is limited to 25 passengers per tour and RSVPs will be taken on a first come, first served basis. Once we reach capacity, we will place names on a waiting list for our next bus tour, which will be Saturday, August 7, 9 a.m. - 12:30 p.m. or 1 - 4:30 p.m.
