

OFFICE OF THE GOVERNOR

October 31, 2007

Mr. Bill Bowling

Dear Mr. Bowling,

Thank you for your letter in support of SB 990. I appreciate hearing from my fellow Californians on issues that are important to them, and I welcome your input on legislation that affects the future of California.

I am pleased to inform you that I signed this bill after extensive consideration and thorough deliberation of arguments from both supporters and opponents of this issue. Protecting California's environment and public health has been a priority throughout my administration. You may read the final language of this bill on the Official California Legislative Information website: www.leginfo.ca.gov.

Again, thanks for voicing your opinion on this issue. Taking the time to communicate your views and offer suggestions is essential to good citizenship and good government. I value the comments of people like you who are engaged in the improvement of our great state.

Sincerely,

A handwritten signature in black ink, appearing to read "Arnold Schwarzenegger".
